OLD BUSINESS

Reports were given on the hunt and raffle tickets sales. Also comments
were read from participants. All in all it was a fun time and can't wait
until next May!!!

NEW BUSINESS

The finds of the month voting system was discussed and it was decided to
keep the same procedure. Three judges will be picked from the club
members attending the meeting. If your item is in a specific category,
please stand back and refrain from mentioning your item until the other
two have gone over the finds. In other words, try not to persuade the
others to vote your item and vote fairly for the best in the category. If
needed, a 4th judge can be added at a later time.

UPCOMING HUNT

We will be discussing an upcoming hunt for club members at the next
meeting. Also, the library will be unavailable for the October meeting.
(In order to keep your perfect attendance up, we will incorporate a
meeting prior to the hunt.) One suggestion would be to draw partners and
go out on a timed hunt and come back with all the items you can and have
prizes awarded for the different objects. It can be held on a Sat.
morning at the oceanfront or large city park. Have your ideas ready for

discussion!
